SUMMARY

IT student at Fayoum Technological University (FITU), specializing in Network Engineering. CCNA certified with hands-on experience in designing and building network infrastructures. Skilled in front-end web development and mobile application development, with practical experience in working with APIs and Firebase. Committed to writing clean, maintainable code and continuously enhancing technical skills through self-learning and real-world projects. Actively pursuing knowledge in Cybersecurity to build a strong foundation in securing modern network infrastructures.

EDUCATION

University : Fayoum Technological University (FITU)

September 2023 – January 2027

Major: Network Engineering

Expected Graduation: 2027

High School: ITEC School, 89%, 2023

WORK and Internship EXPERIENCE :

Network Intern

Quick Support Company – Present

Assisting in network configuration and troubleshooting.

Supporting infrastructure setup and maintenance tasks.

Gaining practical experience in real-world network environments.

SKILLS

Technical Skills :

Networking & Certifications:

- CCNA certified, hands-on experience with network configuration and troubleshooting

Programming Languages:

C, C++, Python, Java, JavaScript, HTML, CSS, SQL, Dart

Development & Frameworks:

- Front-end Web Development
- Mobile Application Development with Flutter
- RESTful APIs, Firebase
- Object-Oriented Programming (OOP) & Data Structures

Software & Tools:

- Microsoft Word, Excel, PowerPoint

Soft Skills:

- 1. Problem Solving**
- 2. Logical Thinking**
- 3. Communication Skills**
- 4. Team Collaboration**
- 5. Self-Learning**

Courses

CCNA (Computer Networking) – NTI & Cisco (Dec 2025 – Feb 2026, 120 hours).

Front-End Development – Fayoum International Technological University (FITU).

Mobile App Development – ITI Fayoum (Flutter & Dart, APIs & Firebase).
